VanishingStrain::stressesImpl"] --> D["Ikarus::removeCol"]; B["Ikarus::Materials::  
VanishingStress::stressesImpl"] --> D; C["Ikarus::toVoigtAndMaybeReduce"] --> D;
```

The diagram illustrates a dependency or data flow. On the left, there are three rectangular boxes stacked vertically. The top box contains the text 'Ikarus::Materials::VanishingStrain::stressesImpl'. The middle box contains 'Ikarus::Materials::VanishingStress::stressesImpl'. The bottom box contains 'Ikarus::toVoigtAndMaybeReduce'. On the right, there is a single rectangular box with a light gray background, containing the text 'Ikarus::removeCol'. Three blue arrows originate from the right side of the three boxes on the left and point towards the left side of the 'Ikarus::removeCol' box. The top arrow starts from the bottom edge of the top box, the middle arrow starts from the right edge of the middle box, and the bottom arrow starts from the top edge of the bottom box.
